

Stronger Together

Today, our bargaining team was joined by members of our sister local, SEIU-UHW, to deliver our petitions with a strong message to SCH management—we're together, united and committed to a strong new contract.

Over the past two sessions, we presented all economic proposals including wages and benefits, and were able to lock in the following guarantees in our contract:

- Protections on subcontracting
- Union stewards to represent us
- Health and safety improvements
- All new employees will have an orientation with our Union to learn about our rights and strength

Linda Pimentel (RN) and Steven Rojas (Intake Coordinator) lead delegation of SEIU 121RN and SEIU-UHW members to deliver unity petitions and tell SCH management that we're standing together for a strong contract.

"We care about our patients and we're standing together, committed to secure a contract that builds safer staffing and wages and benefits that will keep and attract qualified caregivers."

— Linda Pimentel, RN, 121 RN

"Patients are our priority and we need a contract that puts them first. That means improvements to safety and making sure caregivers have the ability to take care of our families."

— Steven Rojas, Intake Coordinator, SEIU-UHW

Our next bargaining sessions are Oct. 1 and 2.

Wear purple & continue to show support for our Bargaining Team.
