## **For Safe Staffing and Affordable Healthcare!**

**This is NOT a strike!  
You must go to work  
as scheduled!**

Let's show our unity in obtaining a fair contract that recognizes the importance of safe patient care through safe staffing.

We must also show HPMC management that we will not accept a contract that does not provide affordable healthcare plans for all employees! As healthcare providers, HPMC managers know first-hand the importance of quality healthcare insurance at an affordable price.

Tell HPMC management that it's **NOT OKAY** to put patient safety at risk, and it's **NOT OKAY** that employees don't have access to affordable healthcare themselves!
