

We Elected Our SEIU 121RN Chapter President & Bargaining Team!

Our ***West Hills Hospital & Medical Center SEIU 121RN Bargaining Team*** will work hard to preserve the benefits we've previously won, and will propose improvements to our wages, benefits and working conditions during negotiations with our hospital's management team.

Bargaining surveys are next. These will determine RN priorities, so be sure to complete one when it comes your way! More to follow soon.
